GLEANINGS FROM THE GLADES

By Paul Rardin

Politics makes strange bedfellows. It has been said and wisely so. Politicians are their appointees in and out of the morn. And sometimes the "outs" are bitter toward the "ins" and vice versa. But a case came to my attention yesterday that seemed quite unusual. It was the case of Frank Howard—deposed as police chief in Belle Glade Wednesday night and succeeded in office by N. D. Lloyd.

When a fellow is let out you'd naturally think he might just find a little trouble. And that's what he did when he let him out. But not so in Mr. Howard's case. And, you can tell by the tone of the voice whether he's sincere in what he's saying. He is. He is honest and sincere when he said: "It's all right. Things like that go along with elections and political appointments. Mr. Lloyd is a man of high character and I believe in his success as a successful man in office. I have only the highest regard and kindest wishes for those who make up the council. If there's nothing I can do to be helpful in the future, I stand ready to offer my services and co-operation."

You've got to be able to take it on the chin with a smile when you mixed up in politics! I KNOW! I've tasted victory at the polls and again I've gulped down a full meal of dole. I've been a good, hard-working man. I CAN'T TAKE IT! I advise you never to have your name printed on a balloon. There's only one consolation when the votes are counted out—you come out the last end—and that have been many more defeat than were ever elected to office.

And this is it with political appointments. You support the right man, for office you're starting pretty. If you don't—it's just too bad. I've seen the time when a fellow supported the right man and the result was that he came out "cut-out" the little end of the horn. Those are just a few of the things you can never tell about in politics.

Now while we're on the subject of politics we might as well discuss Dwight Rogers' candidacy for attorney general next spring. I have had a direct word with the Broward county legislator but has been rumored that he plans to run against Attorney General George Cooper Gibbs. Mr. Rogers is a brash young fellow with an able campaign. He will be here from next spring if he decides to toss his hat into the ring for a state job. He has hundreds of friends on the shores of Lake Okeechobee and he has been holding him closely since he made the race for congress a couple of years ago. Many of them say they'll be in there pitching for him again if he runs for attorney general.

What a battle it will be between J. Mark Wilcox and Congressman Pat Cannon next spring—that is if Mark does not run. We're not so hot on guessing but I'd almost guess a thin dime that the former congressman will be a candidate against Mr. Cannon in the special primaries. With Pat's experience gained during the past session and the special session coming up and Mark's experience gained through serving this district for a number of years, it will be hard to beat him out of one of the hottest campaigns ever staged in South Florida.

Burton School of Tennis is an invited guest to govern our state. Mr. Watson has sent up a fleet of trial balloons. Fuller Warren is beating the bushes and making a flock of speeches before civic clubs. The first thing that younger can do is to spread the word. And good ones, too. Arthur B. Hale, chairman of the state road department, has been mentioned as a candidate for governor. Hale is interested in the job. Sheriff Walter Clark has been urged to take up some of his friends in reward for his work. Hale is to be re-elected sheriff without a single vote. So why should he take a long shot chance at running for governor? You can count him out unless something unusual happens to him. No change in his mind. There are some others being mentioned but I'm inclined to believe there'll be plenty of them drop out when the time comes to qualify.

Hobson's Crew In Tennessee For Season's 1st Game Tonite

Coach and 22 Players Left Pahokee Early Wednesday

Couch Frank Hobson and his Blue Devil foot ball warriors arrived in Lawrenceburg, Tenn., yesterday afternoon and are ready to begin the season's opening game tonight with the local team, the "Redmen." And sometimes the "outs" are bitter toward the "ins" and vice versa. But a case came to my attention yesterday that seemed quite unusual. It was the case of Frank Howard—deposed as police chief in Belle Glade Wednesday night and succeeded in office by N. D. Lloyd.

Blessed are the merchants who advertise for they have faith in their business, and their prosperity shall increase many fold. Blessed are the man who sends in a written account of a party of a wedding for she shall see the details and the names of her guests reported. Blessed are they who do not expect the editor to know every tiny bit of information whenever an interesting event occurs in which they are interested, for they shall have a better newspaper in the town. Blessed are they who get their copy in early for they shall occupy a warm spot in the paper. Blessed are they who do not think that they could run a paper better than the editor runs it—yea, thrice blessed are they, because there are so few of them in the community.—Times-Record, Spencer, W. Va.

The trip from Pahokee to the Tennessee town was made in ease furnished by the following: V. C. Denton, Frank Hobson, Haywood Baxter, Claude Padgett and Lewis Anderson, auto containing H. M. McRae, Rupert Mock and Raymond Christian also made the trip.

The group spent Wednesday night at Dothan, Ala., where Reid Clegg, coach of the Dothan Indians, arranged through his brother-in-law, Otto Vinson, for hotel accommodations and an athletic field for the boys to use to limber up before the game. The trip was made from Dothan to Lawrenceburg on Thursday.

Leaving Pahokee Wednesday day Coach Hobson would make no mistake in telling his players to go to bed early. He said he knew very little about the calibre of the team in Lawrenceburg, but did know the coach. Hobson said the team coach has a reputation for turning out winning combinations.

Farmers' State Market Foundation Going Down

A crew of workers is busy this week digging holes for four tank farms to be used in the state market to be opened at the fair on the road between Stuckey's railroad crossing and the light plant. All plans have been completed for the tanks to be put in. His men were building a tool and supply house. The market shed will be 1,008 feet long and 70 feet wide. It will be heated by WPA labor. An estimate could not be given by those in charge as to how long construction will take.

Equipment Moved To Okeechobee City

A 16-car, road train with tools, cars, dining car, sleeping and living car, and a motor truck and special engine came to South Bay from St. Augustine Saturday with 30 men, two full work crews of the bridge building department of Florida East Coast Railway Company to remove the trestle over the North East River canal to permit passage of the Atlantic Dredging and Construction Company steel barge loaded with 500 cubic yards of earth, consisting of four dredging boats, pulled across the lake from South Bay to Okeechobee City.

It was necessary to lift the center steel span and take out several trestles to allow the barge to pass on the loaded barge, cooperated with the train crew in lifting the steel span and restating it to place.

G. C. Conch, Miami, had charge of operations, with B. W. Prester and E. C. Smith as crew foremen. The Atlantic's equipment has been moved to road train.

Dwight Rogers May Run For Attorney General

Hon. Dwight L. Rogers, Fort Lauderdale attorney who has served several terms in the state legislature, may be a candidate for attorney general in the present election next spring, according to advice reached Lake Okeechobee from the Broward county. Mr. Rogers is able to qualify for the office he seeks because he is a close friend of the section of Palm Beach county who will be pleased to know that he's offering for this place in state political circles.

Road Dept. Head To Visit Glades Monday

Arthur Hale, chairman of the state road department, will spend Monday in Pahokee as the speed of Brooks Bateman, member of the department. It will be Mr. Hale's first trip to the Lake Region. He took office. Mr. Bateman plans to visit the area, inspecting over all the roads on the shores of Lake Okeechobee.

TO BUSINESS COLLEGE

Miss Lois Harris, daughter of Mr. and Mrs. R. K. Harris, has left for Jacksonville to attend the Business College.

Miss Harris is a high school graduate and is to take a secretarial course at the college.

Stovall is Candidate For Lauderdale Council

Guy Stovall, who is known throughout the state of Florida, is a candidate for a place on the city commission of Ft. Lauderdale in the forthcoming election.

Stovall is connected with the state highway department and special highway work is to be selected for him to be in charge of his name could be officially entered in the contest. This permission was secured by a group of friends who are urging voters to vote for Lauderdale to elect him to the commission.

His name is Guy Stovall, 26, Lake Okeechobee region with him success in the coming election. Mr. Stovall and his wife have been living in the Broward county city since leaving the Lake Region.

Mrs. Stovall and Miss Russell will have charge of the publications.

Mr. Neil Johnwick will have charge of the music departments in Bell Glade and in South Bay.

Bean Plantings On The Increase In The Glades

Bean planting goes steadily on in the Lake Okeechobee region. Last week it was possible to estimate the acreage planted up until that time. With planting going on in every direction in the Glades agricultural area it is impossible to estimate acreage at this time. Seed houses and fertilizer dealers report a brisk business.

Several hundred bushels of potatoes have been planted this week and this crop bids fair to be larger this fall than in years gone by. Large potato acreage will be planted in the Belle Glade section, it is believed.

Peppers, tomatoes and limes are coming in for their share of planting.

Several hundred bushels of onions have been packed to these vegetables. Some growers are planning to pick a few beans in the next week or ten days. They may need to be sold on local markets to realize anything like a fair price for them.

Mr. Bristol states that 10 persons in the county are now affected by the new Social Security ruling, which excludes those in pensionable status.

Due to the limitation of State funds, these 4 applications could not be acted upon.

Director L. R. Bristol reports that the county has \$85,000 which it receives each month in old age pensions each month.

Old age residents, numbering 59, are receiving \$677 monthly, and 79 dependents are receiving \$242.45 each month.

Belle Glade Bridge Completion In 8 Weeks

Farmers will be making their first hauls across the new \$40,000 bridge in Belle Glade about the middle of October, it was reported yesterday.

The \$40,000 bridge is to be constructed with 80 tons of steel. Workmen, numbering about 15, will be on the job for 3 to 4 weeks and an additional 3 to 4 weeks will be required on the concrete construction. The steel arrived Tues-

day evening and the steel arrived Tues-

day morning.

Compensation Act Is Strict And Must Be Followed, - Wall

Tallahassee Story Explains How It Works And Results Thereof

Tallahassee, Fla., Sept. 21. Harold C. Wall, chairman of the Florida Industrial Commission announced today that all employers whose insurance under the Workmen's Compensation Act has been cancelled or expired are being mailed a questionnaire to establish their status under the law.

"The commission has instructed Director Robert W. Davis of the Workmen's Compensation Division to investigate the present status of some 5,000 employers who were previously covered under the Workmen's Compensation Act," he stated, "and while it is known that quite a few of these have retired from business for some reason or another, we also know that a great many are wilfully violating the law."

"The Workmen's Compensation Law requires that employers of three or more workers carry compensation insurance to compensate their workers injured on the job performed. It also requires to furnish the commission with satisfactory proof of their financial ability to pay such compensation or to reject the act entirely. Failure to comply with the provisions of the law carries a maximum penalty of \$500.00 and a year's imprisonment."

"Any liable employer who rejects or fails to comply with the Workmen's Compensation Act by giving proper notice to the commission as provided under the law may not in any suit brought against him by an employee to

recover damages for injury or death, defend such a suit on the grounds that the injury was caused by the negligence of a fellow employee, nor that the employee assumed the risk for his employment, nor that the injury was due to the contributory negligence of the employee."

"It is to the advantage of every employer to keep in touch with the commission and clarify their status under the Workmen's Compensation Act."

Junior Football Schedule Planned

S. C. Brewster, E. L. Johnwick from South Bay; Maurice Flanagan, Brooksville; J. B. Cox and E. C. Powers from Canal Point; and Carl Thompson from Belle Glade met Wednesday afternoon in Pahokee and arranged the Junior Football schedule for the schools. At the meeting, it was decided to play six-man touch football, due to lack of suitable equipment.

Here's The Line-Up A Prognosticator In Miami Has Sent Out

In the state there are professional prognosticators sending out their lists. One of the fellows will offer for this and that in the coming primary. Our chap in Miami sends out a weekly prognostication about the men he believes will offer for governor. He seems to center his efforts on this one race. Of course, all he can do is guess—even as you and I.

Believing that the citizens of this area might be interested in the names of the various prospective candidates, we are reproducing his list received in this office this week. You'll note that opposite the name he also puts the date of your own calculating.

Here's the list: Fuller-Warren, Jacksonville 3 to 1; J. Mark Wilcox, Coral Gables 4 to 1; Charlie Crandon, Miami 6 to 1; W. C. Higgins, Gainesville 8 to 1; V. P. Miller, Lakeland 8 to 1; Raleigh Pettaway, Miami 10 to 1; Dan Chappell, Miami 10 to 1; Harry Carter, Tallahassee 12 to 1; Don Carlton, Tampa 15 to 1; J. J. Whitehead, DeLand 20 to 1; Truman Futch, Leesburg 20 to 1; John Martin, Jacksonville 22 to 1; Arthur Clegg, Tampa 22 to 1; Walter Clark, Ft. Lauderdale 25 to 1.

The Lake Worth city commissioners, meeting Monday night, passed an ordinance forbidding the planting of Australian pine trees planted alongside the highways and tend to keep cars out of the canals. In many places they are used for frost protection around citrus groves. Some lots have been beautified by planting Australian pines around them. The fee has been used extensively in our section, but in Lake Worth they are taboo.

Australian Pines Put On Taboo List In City Lake Worth

In the Lake Okeechobee Region we believe that Australian pines are not only beautiful but quite useful. They grow well planted alongside the highways and tend to keep cars out of the canals. State Funds Paid To County Systems

The State paid \$1 per cent of its first million in state appropriation, half a cent to a total of \$2,000,000. The \$1,088,261 paid, the State derived \$610,000 from gross receipts tax, \$487,398 from automobile license, \$40,013 from the 1-mill tax valuation tax, \$1,000 from interest on the school fund. State money helps pay teachers and bus drivers.

The license tag sales produces most of the state revenue, but the principal income from the state is not derived until December, at which time the State will be better prepared for like appropriations.

The Florida Legislature directed that the monthly distributions be made two weeks early to help the counties pay salaries promptly. This year's school appropriation of the State is expected to be \$12,991,793.

Picked Up Around Town

By the way celery is going into the ground we can look for a much larger crop than last year—Arthur Wells has sated 175 acres for celery . . . The Wedgeworth Company has lined up 400 acres for potatoes . . . 40 carloads of potatoes are to be furnished daily and ready for the market on the 15th of October . . . There are 90 men and women, white and colored, now employed at the Wedgeworth plant as potato cutters . . . Everybody is sprucing up their front lawns these days . . .

There's some lingo being spread that the theatre may change the balcony into a smoking lounge for the "whites," the only type known to own a nosebridge over by Mrs. P.C.K.—Betty Hill has just passed her 13th birthday . . . Young Creek left for the University of Illinois . . . The Alspach family of Schenectady's son, Miami last week enroute . . . The Bama family from Lake Wales are here permanently . . . The more the merrier . . . Those two ears in front of the post office Tuesday night were a mile apart, being short of a mosquito's whisker . . . Mrs. Johnson organized the Night Bridge Club at her home on Tuesday and carried off high honors . . . Avon Lee has been selected as the sight for the new bowling alley, but Mike will have to move his grocery next door to the new Rader store now being constructed, because that's the spot for the alley . . . The local folk of the New Year will be dressed up shortly . . . The Gibbs' and Waddell's all spent Sunday at Miami Beach picnicking . . . The new Miami had a masterful bit of maneuvering on the benches his first trip up.

Mr. Johnwick is to teach music in Belle Glade and South Bay . . . Miss Everett of Pahokee is undertaking a dancing school for children. One girl in both Pahokee and Belle Glade . . . In case you are interested: The Postoffice will furnish information concerning Civil Service examinations starting . . . Revival Services are now open in Pahokee beginning at 7:30 each evening . . . A cow went fishing and caught a fish—with its tail . . . Hot Springs, Ark., is a good place to go for a vacation because the temperatures are dumb . . . The sub-contractors now working on the Main street bridge are guests at the Mueller home . . . They are going to use too much steel in the bridge . . . The two houses on the corner of Avenue D and 1st Street look like they will be ready for occupancy soon . . . Dardie has a 2-story apartment going up in back of the drug store on Main.

Leonard's cafe sure looks better with those nice white blocks and black letters . . . Bass has his first building well in hand, and some other buildings on Evans's subdivision are up on the second floor . . . Two new homes, one cement, one frame are about ready—arrived from the sand hills . . . With the installation of those three storage tanks, the Gulf station on the corner of the Hairpin street and the packing houses should be ready for business . . . Those boys in the experiment station must have their fun; the experimenters were up in the air over soy bean plants and the effect a little more nitrogen or something might have on their growth etc.

The Muller home is undergoing a transformation; new rain tank, cave-troughs and storm shutters . . . Something tells me that a few more visitors could be expected there . . . There are a few starving men in town waiting for jobs, and soon . . . The Palm Beach County Athletic Officials Association reelected Howard Large as president, W. E. Mock named vice-president, and Dwight Hobstetler as secretary; meetings to be held weekly during football season . . . The Palm Beach High School students at St. Paul's tonight, 8 p. m.—Elizabeth Thompson home from Duke University . . . Fort Myers tackle Brewster tonight . . .
